

MP-3 GREASE

PRODUCT DESCRIPTION

MTC force mp3 grease is premium quality lithium soap multipurpose automotive grease, with high drop point, good thermal and structural stability and also having resistance against water wash out with its smooth structure and high degree of resistance against oxidation and rusting corrosion .IT is an idea product for all grease lubricants parts of automotive equipment

PERFORMANCE – BENEFITS

- Provides excellent resistance to structural and consistency changes over wider range of temperatures but remains in place despite severe working or sustained shock impact.
- Has excellent low and high temperature properties it can be dispensed at low temperature and well maintain adequate stay put property at the higher temperatures in service
- Resists effectively water wash out in use assuring adequate lubricants over extended services for periods.
- Provides resistance to oxidation rust and corrosion.

APPLICATION

MTC force (mp3) Grease mp-3 is recommended for water pump wheel bearing chassis fittings and universal joints, including those of constant velocity type for mobile equipment automotive off highway equipment such as tractors construction equipment etc.

PERFORMANCE STANDARDS

MTC force grease mp-3 meets is 12203:1987
 (Reaffirmed -1993) NLGI -3

PHYSICAL CHEMICAL PROPERTIES

| | | |
|--------------------|----------------------|---------------------|
| GRADE | MTC FORCE GREASEMP-3 | MTC FORCE LONG LIFE |
| COLOUR | BROWN | BROWN |
| STRUCTURE | SMOOTH | SMOOTH |
| SOAP | LITHIUM | LITHIUM |
| WORKED PERETRATION | 270-310 | 220-250 |
| DROP POINT °C MIN | 190 | 210 |

HEALTH & SAFETY

There oils are unlikely to present day significant health or safety hazard when properly application and good standard of industrial and personal hygiene are maintained.
